

Haida Gwaii – Queen Charlotte Islands & North Western BC

Islands of the People This Paramount tour travels through spectacular British Columbia, the Fraser Canyon, the Cariboo, and the Bulkley Valley with sightseeing stops at Moricetown, K'San Village and historic Hazelton. The journey along the Skeena River is unforgettable. Across the Hecate Strait to Haida Gwaii to "Roads Less Travelled".

Located on a series of islands at the most westerly point of Canada, Haida Gwaii is made up of quaint villages, secluded inlets, and white-sand beaches that stretch as far as the eye can see. A place so remote that roads cannot bring you here, yet the warmest of welcomes await once you arrive. Haida Gwaii has developed in isolation from the mainland and was spared the effects of the ice age. As a result, so many unique life forms have been shaped over thousands of years that the islands are referred to as Canada's Galapagos.

Canada's most remote archipelago Haida Gwaii "Islands of the People" or recently referred to as the Queen Charlotte Islands, is an energizing place steeped in culture with unique natural endowments. Whether you enjoy exploring and learning about the Islands history and culture or prefer to get away and enjoy peaceful solitude along vast sandy beaches or in ancient First Nations Villages, the Islands offer an unforgettable experience for anyone who visits. A local guide will take us on a tour of Tow Hill, Old Masset, Naikoon Provincial Park and Charlotte City.

Visit Haida Gwaii and experience a world of intrigue, a world of adventure and a world of undeniable breathtaking beauty.

You will enjoy luxury highway coach travel combined with sailings on some of BC Ferries newest vessels. The luxurious Northern Expedition "Island Passage" voyage includes outside berths for your enjoyment.

Tour includes: 6 breakfasts, 2 lunches, 3 dinners, Haida Feast, ferries, local guide & all attractions
