Christmas Magic In Victoria ...ride the rails of yesteryear

Victoria is a magical place to be in December. Downtown is a wonderland of 19th century storefronts, local carollers and Christmas activities. After dinner we will travel to the world famous Butchart Gardens. Tens of thousands of lights line the walkways for the Christmas Night Illuminations. The next morning after enjoying a hot breakfast we will board the E & N Train now called the SVI train. Take a sip of your coffee or hot cocoa and look out onto the waters of the Strait of Georgia. You will be amazed by the spectacular gorge and forested coastal islands that will appear in your window. Our journey will take us from the VIA Rail station in downtown Victoria along the Strait of Georgia on the scenic Malahat Highway with rewarding views of the Saanich Peninsula and Gulf Islands, Cobble Hill, Duncan, Chemainus and Ladysmith to Nanaimo and Qualicum Beach. We will disembark in Qualicum. Our coach will meet us for our return ferry ride from Departure Bay to Horseshoe Bay. The visual beauty of the shades of colour in the forests and the wild surprise of seeing eagles fly alongside the train make this a truly memorable journey.
