South Okanagan & Northern Washington

Blessed with beautiful landscapes, the Okanagan is unparalleled in its diversity. The Okanagan has hoodoos, orchards, vineyards, mountains, valleys, highlands and lakes. Enjoy Canada's driest climate in Osoyoos. Our first night stay is at the Watermark Beach Resort, situated along the quiet shores of Osoyoos Lake.

Travel across the Canada/US Border to Spokane. Similar in climate to the Southern Okanagan region, Eastern Washington is arid, warm and reminiscent of the "Wild, Wild West". Tumble weeds, canyons and rolling hills pass us by as we

head to the Northern Quest Resort for two nights. This incredibly scenic circle tour continues to the Lake Chelan Valley in central Washington, nestled in the North Cascades. Dark evergreens cover the mountainsides. Deep valleys rise from the lake to massive glaciers. Stay on the banks of Lake Chelan. Our travels continue across Western Washington through Cashmere, Leavenworth and Stevens Pass.
